

Saddle Brook Stables & Camping Facilities

A goldmine of regal equestrian beauty can be found nestled among the beautiful rolling hills atop the Cumberland Plateau at **Saddle Brook Stables**, located just outside of the Big South Fork National River and Recreational Area.

Saddle Brook Stables is owned by the Allred family - Fred, Brenda, Freddy, Jon, Bethany, and Andrew. The family treasures Saddle Brook Stables as one of God's great blessings in their lives. They deeply appreciate the opportunity to share and enjoy the life they live surrounded by the beauty of the region, their animals, and the people they encounter.

The family started on this equestrian journey on June 1, 1992 when they purchased their first pony – "Dusty". It wasn't long until they bought their first Tennessee Walking Horse at the Tennessee Walking Horse National Celebration in August. "Midnight Crescent Moon" was a gorgeous black two-year old filly directly by the well known "Prides Generator". These purchases were the beginning of something special for the

Allred family. Since this time, the family has worked at building their herd, fine tuning their breeding program as they go. Their goal is to produce some of the finest Tennessee Walking Horses possible with improved conformation, disposition and gait with an emphasis on color as well. They don't seek to change the breed, but to enhance the wonderful qualities while maintaining the attributes that have made the breed so well known. For the Allred family, it is a labor of love. They adore their animals and enjoy the fellowship of other horse enthusiasts. Foremost, is the practice of Godliness and integrity in their daily lives and in the operation of their farm. They feel blessed to have a wonderful staff at Saddle Brook Stables that are more than happy to assist you in any way. Every member of the team promises to do their best to represent each horse with complete honesty and want you to feel free to ask as many questions as you like. So, while you are in the area if you are in the market to purchase a horse, or need a place to board or breed your horse stop by and talk to the friendly folks at Saddle Brook Stables. Be sure to visit them on the web to view the fabulous array of animals on their farm – www.TNWalk.com. You may also reach them by phone at (931) 879-6273 (Barn), (931) 879-9924 (Office) or Jon on his cell: (931) 397-5504.
